

# FOUNDATION IN SCIENCE AND TECHNOLOGY FOR KOREAN UNIVERSITY (PRE-KOREA)

The Pre-Korea program is a foundation program that prepares students seeking an opportunity to further their degree studies in computer science, engineering, and animation at top Korean universities.

The program offers an intensive foundation program to ensure students are well-prepared for their academic journey in South Korea.

Apart from providing students with strong foundations in technical subjects in the field of Science and Technology, and

Animation, the program also equips students with comprehensive Korean language education with dedicated language instructions from native and experienced lecturers.

## ENTRY REQUIREMENTS

### SCIENCE AND TECHNOLOGY

Pass in SPM/SPMV/O-Level with at least 5 credits in Mathematics and two (2) science subjects with pass in Bahasa Melayu and English or any equivalent qualification.

### ANIMATION

Pass in SPM/SPMV/O-Level with at least 5 credits and pass in Bahasa Melayu and English or any equivalent qualification.

**NOTE:** These entry requirements only serve as a guideline. For further details on the entry requirements, please visit <https://www.unikl.edu.my/admission/>

## FEE STRUCTURE

| Semester/<br>Trimester | Duration | No of course/<br>Credits | Tuition<br>Fees (a) | Hostel<br>Fees (b) | Self-sponsored<br>(c) | Total Fees<br>(a+b+c) |
|------------------------|----------|--------------------------|---------------------|--------------------|-----------------------|-----------------------|
| <b>Semester 1</b>      | 6 months | 20 credits               | RM 11,700           | RM 600.00          | RM 680.00             | RM 12,980             |
| <b>Semester 2</b>      | 6 months | 20 credits               | RM 11,700           | RM 600.00          | RM 255.00             | RM 12,555             |
| <b>Semester 3</b>      | 6 months | 20 credits               | RM 11,700           | RM 600.00          | RM 210.00             | RM 12,510             |
| Total Fees             |          |                          |                     |                    |                       | RM 38,045             |

## STUDY PATHWAY

### STUDENT SELECTION

**FOUNDATION IN SCIENCE AND TECHNOLOGY FOR KOREAN UNIVERSITY**  
 UniKL MIIT  
 (1 YEAR 6 months)

- ① Pass Foundation Program
- ② \*TOPIK  $\geq$  Level 3
- ③ Acceptance from a top university in South Korea

**BRIDGING PROGRAM (Optional)**  
 (2 months)  
 Language Institute In South Korea

**BACHELOR'S DEGREE PROGRAM**  
 (4 Years)  
 Top Korean Universities

\* TOPIK – Test of Proficiency in Korean

## SPONSORSHIP & FINANCIAL ASSISTANCE

- MARA Young Talent Program (YTP)
- \*Global Korea Scholarship (GKS)
- \*Korean University's Scholarship

\* Sponsorship for Bachelor's Degree Program in South Korea  
 NOTE: Please refer to the respective sponsorship's website for detailed information.

## PROGRAM STRUCTURE

### SEMESTER 1

### SEMESTER 2

### SEMESTER 3

Korean Language 1

Korean Communication 1

Introduction to PC Hardware and Maintenance

Introduction to Intercultural Communication

**Calculus 1**

Basic Drawing

**Principles of Programming**

Cinematic Language and Appreciation

Korean Language 2

Korean Communication 2

**Calculus 2**

Global Animation History

**Physics 1**

Digital Graphic Visualization

**Fundamental of Information System**

Character Design and Layout

Korean Language 3

Korean Communication 3

Etika dan Jati Diri

**Physics 2**

Introduction to Animation Principles

**Oriented Programming**

Story Building

**Chemistry**

3D Technology

**Indicator:**

**Science and Technology**

**Animation**

**Core**
